

Directions & Rubric for PowerWriting Assignment

Directions: Use 1-2-2-2-4 PowerWriting to explain which rule is the most difficult for you to remember and/or use. Include in your homework a clear explanation of the rule, a numeric example of the rule, and at least three reasons why it is difficult for you to remember and/or use. Use the following rubric to assess your writing.

Integer Rule PowerWriting Rubric

3
